Activities Among

While in Washington, D. C., the oth Among the social activities noted

Among the social activities noted in the city of Washington were the Community center, the Y. M. C. A., the Y. W. C. A. and the Salvation army building for negroes—the first we had seen. The Whitelaw hotel, just completed at a cost of \$125,000, is a beauty.

All churches were open and the services were largely attended Sumsay. The church life forms a large part of the activities among negroes and they felt the loss of their church services very keenly. They made the sacrifices cheerfully for the good of all the people. Pather Patterson's taneral will be conducted by the ministers at \$1. Paul Baptist church Tuesday. Father Patterson was one of the oldest ministers in his race and was highly respected. Dr. Sutton E. Griggs returned from Pittsburgh and Chicago and filled his pulpit Sunday. The work on his new church was resumed and he hopes to push it to completion.

Dr. A. M. Townsend, paster of the selected as assistant director-general of the National Buptist \$10,000,000 campaign. His office will be in this city in connection with the Transesce head-quarters. He will go to New York this week for final instructions.

Kidney and Bladder Ailments Banished By Few Doses

Corn Silk. The same "silk" you see protruding from the husk of corn, produces a fine medicine for kidney and bladder irregularities, when compounded with other simple drugs as in Balmwort Tablets.

Balmwort Tablets contain a powerful extract of corn silk, which quickly relieves the inflammation and congestion that causes such distres as pains in luck and hips, rheumatic twinges, nervousness, severe headaches, accompanied by frequent desire to climinate, followed by scalding, burning sensation. The patient is compelled to arise frequently to relieve painful pressure, even though a scanty flow follows. The eyen appear "bloodshot," the fleep is restless, and sometimes fever, followed by chills, cause great unrest. It is unwise to neglect such symptoms, when a few doses of Balmwort Tablets can be taken for reltef. To Remove Discolored, Coarse Or Chapped Skin

If your skin is chapped, rough or harsh, dab a liberal amount of mercultred wax on the face and allow it to remain over night. When you wash off the wax in the morning, fine flaky, almost invisible particles of cuticle come with it. Repeating this daily, the entire outer film skin is soon absorbed, but so gradually, there's not the slightest hurt or inconvenience. Even the ugliest complexion yields to this treatment. The underlying skin which forms the new complexion is so fresh and youthful looking you'll marvel at the transformation. It's the only reliable way to actually diseard an aged, faded, freckled, blotchy or weather-beaten complexion. One ounce of mercolized wax, procurable at any drug store is sufficient in most cases.

Eat less meat if you feel Backachy or have Bladder trouble.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filler it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these trritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and temon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.
